

PHOENIX PACKING LIST

	Please attempt to adhere strictly to this list. We have limited space, with so many participants, and very little free time. No need to bring additional items for entertainment. In addition this list was created to streamline the security process at the airport. If something additional is needed please consult with a chaperone. Also, please DOUBLE CHECK that everything is included from the list. It is very difficult to deviate from our schedule to obtain forgotten items.
